

GET A COMPLETE VIEW OF YOUR TAIL SPEND ACTIVITY

Your tail spend impacts your company's productivity and profitability in a big way. Are you seeing the complete picture? Or are you making critical business decisions with a limited view of your supply chain? It's time to take the blinders off and stop operating according to yesterday's data.

VirtuTrax, a cloud-based data visualization platform, equips you with precise, real-time information, allowing you to make smart decisions with speed and confidence. Our dashboard gives you an immediate and clear view into tail spend and supply chain activity, granting you access to the critical information you need to make tomorrow's decisions today. Get out in front of issues and opportunities instead of running behind them.

Do you need information on the go?

VirtuTrax delivers instant access to your key metrics from any device

- ✓ See your tail spend data anytime, from anywhere.
- ✓ Stay on top of performance metrics like On-Time Delivery, Quality Acceptance, and Pricing Variables.
- ✓ Instant Visibility, Faster Analysis, Data-based Decisions...all from one place.

BETTER DATA, BETTER RESULTS!

Rapidly adapt to shifts in demand or supply

Pinpoint delays and optimize against them

Uncover opportunities and control costs

Improve supplier collaboration and accountability

Minimize order discrepancies and quality escapes

Make smarter decisions, FASTER.

What you plan for rarely ends up happening. Without forewarning, supply, demand, and other operational priorities can experience sudden shifts. Make no mistake, the gap between identifying problems and taking action significantly impacts business performance. With increasing supply chain uncertainty, you can't afford to wait to make decisions. And making wrong decisions can be costly.

VirtuTrax delivers robust capabilities that continuously summarize and visualize complex information. With timely insights, you can make effective decisions quickly with confidence.

Accelerate efficiency. Collaborate better with your suppliers... **Everyone wins!**
